**We are driven to support people who face barriers to employment to get a job and stay in that job. We are passionate about our work and see the value of our supporters contribution.**

We believe that everyone should have the opportunity to explore their true talent and develop a pathway to a bright future. Every day we see the value of our work supporting people with Autism, ADHD, Dyslexia, learning difficulties and learning disabilities.

We see confidence and social skills grow, we see qualifications achieved and we see what it truly means for our trainees, families and carers when they secure their dream job.

The support we receive from our volunteers and the business community is vital to achieving this change. We could not achieve what we do without you.

Support us to make a difference. We know that you will find the experience rewarding and worthwhile. Be part of the change you want to see.

*We see everyone's potential with your help and support...*
