Stepping Stones NI is a multi-award winning social enterprise with over twenty years of expertise supporting people with Autism, ADHD, Dyslexia and learning difficulties to gain meaningful training and employment.

We know that with the right support our trainees can realise their full potential, gain qualifications and excel in employment. We work with our trainees, parents, carers, health professionals and employers to make progression possible.

We see everyone's potential

This is Michael, he loves his job...

“ I have gained so much confidence and I absolutely love my job at Lisburn Bowl. It is great to feel part of a team and to work with brilliant people.

I feel responsible and independent through the support I have received from Stepping Stones NI and my manger Aoife.

The right support makes all the difference. ”

Michael Byrne

Recreational Assistant, Lisburn Bowl

“ Michael is a committed and dedicated member of our team. We worked with Stepping Stones NI to make reasonable adjustments to working conditions and environments and Michael has excelled.

We see the true value of working with Stepping Stones NI as we have gained a valued member of staff. I would strongly encourage other employers to consider offering work placements in partnership with Stepping Stones NI. The team are extremely knowledgeable and supportive of the people they support. ”

Aoife Loughran

Operations Manager, Lisburn Bowl
